

# Fellow/Faculty Mentor Agreement Form

## Career Mentoring Program

### Purpose

The Career Mentoring Program is designed to provide current CHOP postdocs the opportunity to connect with secondary mentors outside of their division or outside of CHOP. This experience will provide more comprehensive mentorship support for a wide variety of career paths, as well as complementary or supplementary support to enable mentees to progress and succeed.

### Description of the Career Mentoring Program

The program will enable postdocs to develop a one-on-one career mentoring relationship with a faculty member beyond their own department or division OR a former postdoctoral fellow who has transitioned to a career outside of CHOP.

Each fellow accepted into the program will be required to complete one mentor meeting per month (approximately 10-12 hours total) over the course of the 9-month program. This time commitment must not interfere/conflict with the fellows' normal work schedule and may be completed outside of normal work hours.

### Fellow/Faculty Mentor Agreement

As part of the application process, candidate fellows must get approval for participation from their primary mentor. Please review the following agreement and sign/date to indicate that the applicant is eligible to participate in the Career Mentoring Program:

*I have read and understand the time commitment required of my trainee for participation in the Career Mentoring Program. I understand that the program is designed to be completed concurrently with my trainee's work schedule and that his/her acceptance into the program should in no way affect the quality of work produced during normal work hours. I understand that the mentoring support provided is not meant to be a substitution for mentoring they get from myself, their primary mentor.*

*I agree to allow my trainee to be considered for the Career Mentoring Program.*

By signing below, you are confirming your trainee's eligibility for the Career Mentoring Program.
