

Individuals Needed for Neuroscience Study

WHAT ARE THE GOALS OF THIS RESEARCH STUDY?

The Neuroscience Biorepository will accelerate clinical research at CHOP by utilizing readily available biological specimens. This could help uncover biomarkers for faster diagnoses or future treatments in the Neurology field.

WHO CAN BE A PART OF THIS STUDY?

This study is open to any CHOP patients with a Neurological condition.

WHAT WILL PARTICIPANTS BE ASKED TO DO?

Participants will be invited to give a saliva, blood, or other preferred sample as well as access to medical records.

I WANT TO HELP! WHO DO I CALL?

If you are interested in participating in the study or want to learn more please contact our study coordinator:

Angela Winters
wintersa@chop.edu
